

D156 Title I Statement

The Title I program at District 156 promotes the belief that all children can learn and acknowledges that parents share the school's commitment to educational success for all students. We recognize that a student's education is a responsibility shared by school, family, students, and community. District staff and staff within Title I schools work jointly to ensure effective involvement of parents and the success of the students in reaching high academic standards.

D156 School, Parent, Student Compact Document

The School-Parent Compact is a written document developed by teachers and parents that clarifies what families and schools can do to help students reach high academic standards. Through the continuing school improvement process, a new emphasis has been placed on the Compact at both campuses. Throughout the 2011-12 school year administrators, teachers and parents at both campuses developed a new compact to better fit District #156. In 2013, the Compact was revised to include student responsibilities in their own success. It is a written commitment indicating how all members of a school community – parents, teachers, administrators, students, and concerned community members– agree to share responsibility for student learning. To ensure that the compact is communicated to all parties involved, it is published in the student handbook, posted on the district website, and provided to Title I families annually. The School-Parent-Student Compact can be found by clicking [here](#).
